CTMI

CEA - IP / SOP Protection in the age of AI

- CTMI C-eV Systems for AI Authorship Protection
- CTMI Systems for Controlled Environment Agriculture

For IDEAS & SOP For AI For TRANSACTIONS

Creativity + Innovation IP = Intellectual Property IP RP = IP Rights + Protection

ChamberTrust Management International Inc. (CTMI) is pleased to announce that it has entered the next phase of development of online trust services for Controlled Environment Agriculture (CEA).

The updates include research and development around the use of AI in CEA and also include features for intellectual property (IP) and standard operating procedure (SOP) in the CEA data collection field.

In addition, CTMI is preparing AI-centric database analysis for fruits and vegetable growth factors, as well as market and business exchanges for CEA partners, clients and suppliers.
